

Sir Joseph Banks – Morris and Ali

Scheefer camp (healing) program to get Arabic kids together. Project to go with Parramatta youth group. They did the Arabic subtitles for the current drinking advertising campaign. Their anti bullying campaign won a state competition. Arnie was part of a forum in Canberra which made recommendations to the government, there were only 100 selected from Australia wide, so it was a great honour. Have a Mad Magazine, which was named after one of the teachers who is "mad". Also have a "mad" challenge, a musical drama for which they are currently holding auditions.

International – Warren for Keith & Michael:

- We are currently sponsoring two children’s education in Nepal, Dependra and Dipika. Dipika has performed well coming second in her class but unfortunately Dependra has had to repeat the year. This year the \$500 was shared with the SRC at Warren Reardon’s school. The cost for this year is \$400 do we wish to continue this project?? On Barry Thompsons suggestion the matter was referred to the board for a decision.

- The next RAWCS Eastern Region quarterly meeting is to be hosted by District 9690 and I have, in my role as District RAWCS chairman, booked the Bankstown Sports Club as the venue. It is hoped to have the support of Padstow, Bankstown and Chester Hill clubs for the weekend. Barry Thompson suggested we invite the DGN’s to the dinner on Saturday evening as they will be having a meeting at RDU on that weekend. Will do.

East Hills Girls Technology High School – Rebecca & Linda

Spoke on life in year 12 at high school, including their various year 12 committees and year 12 in general. There has to be a balance between leadership and study responsibilities. Being a girls school hair and makeup are not a priority as there are no boys to impress.

East Hills Boys Technology High School – Lance, Roger and Francis

The transition from primary to high school has been smoothed out so that harrassment is not an issue during this phase. Have a strong peer support program in place linking years 7 and 11. Learning is the number one priority at EHBTHS.

Mt St Josephs – Emma, Victoria and Tonia

Mt St Josephs is one of only four Josephite schools in Australia. They have undertaken a comparison of the four schools and found them to be very similar. They are establishing a web site between the four Josephite schools. Also have a project to raise funds for Sisters of St Joseph in Peru. Also intend to raise funds for aboriginals with whom sisters of St Joseph work.

Picnic Point High School- Jack & Lauren

Covered public education. Started a Christian group within the school. Achieved one TER of 99.85 last year. The relationship between teachers and pupils is very good and has improved through high achievement in various fields. School has two girls scheduled to tour South Africa in a water polo team. Also Shaun Reney is currently in New York performing cabaret to rave reviews. Hold a baseball match between teachers and students. Being a good citizen is important.
