

Terry Martin Vocational Director

D.G.Harley asked that all clubs hold at least one meeting dedicated to Ethics, remembering that the second object of Rotary is in part “to encourage & foster high ethical standards in Business & Professions “ This fits in well with the 4-Way Test.

Terry then presented 5 dilemmas to be considered by members. The ethical questions were

What are the issues?

Who are the stakeholders?

What *should* you do?

What *would* you do?

It made us all think, some inside the square and some outside the square.

Bad Food

A Doctor was addressing a large audience in Sydney. “The material we put into our stomachs is enough to have killed most of us sitting here, years ago. Red meat is awful. Soft drinks corrode your stomach lining. Chinese food is loaded with Msg. High fat diets can be disastrous, and none of us realize the long –term harm caused by the germs in our drinking water.

But there is one thing that is the most dangerous of all and we all have, or will eat it. Can anyone here tell me what food it is that causes the most grief and suffering for years after eating it?”

After several seconds of quiet, a 75-year-old man in the front row raised his hand and softly said,

“Wedding Cake”

Thought for the Week.

Nothing is politically right which is morally wrong
